Evie Goff Complaint on 603 South River Road.....front of Drive way was dug up when road was widen. It had some asphalt down (not in good repair) was replaced with gravel. Back when this was done I (Veronica) did say that anything that was done would be put back. I (Veronica) was not thinking of asphalt at time I was thinking on the tile that was being dug up and possibly the brick pillar. However, for your information we do have a water line in our right away. Lonnie thought it would be best to go back with gravel after talking to Marie (homeowner)and give her two options and she picked the one that he did. Attached is his statement...

607 S. River Road Lonnie's Statement

607 S. River Road Marie Pavy 2

607 S. River Road Marie Pavy

v. Approval of Feb 22nd Minutes

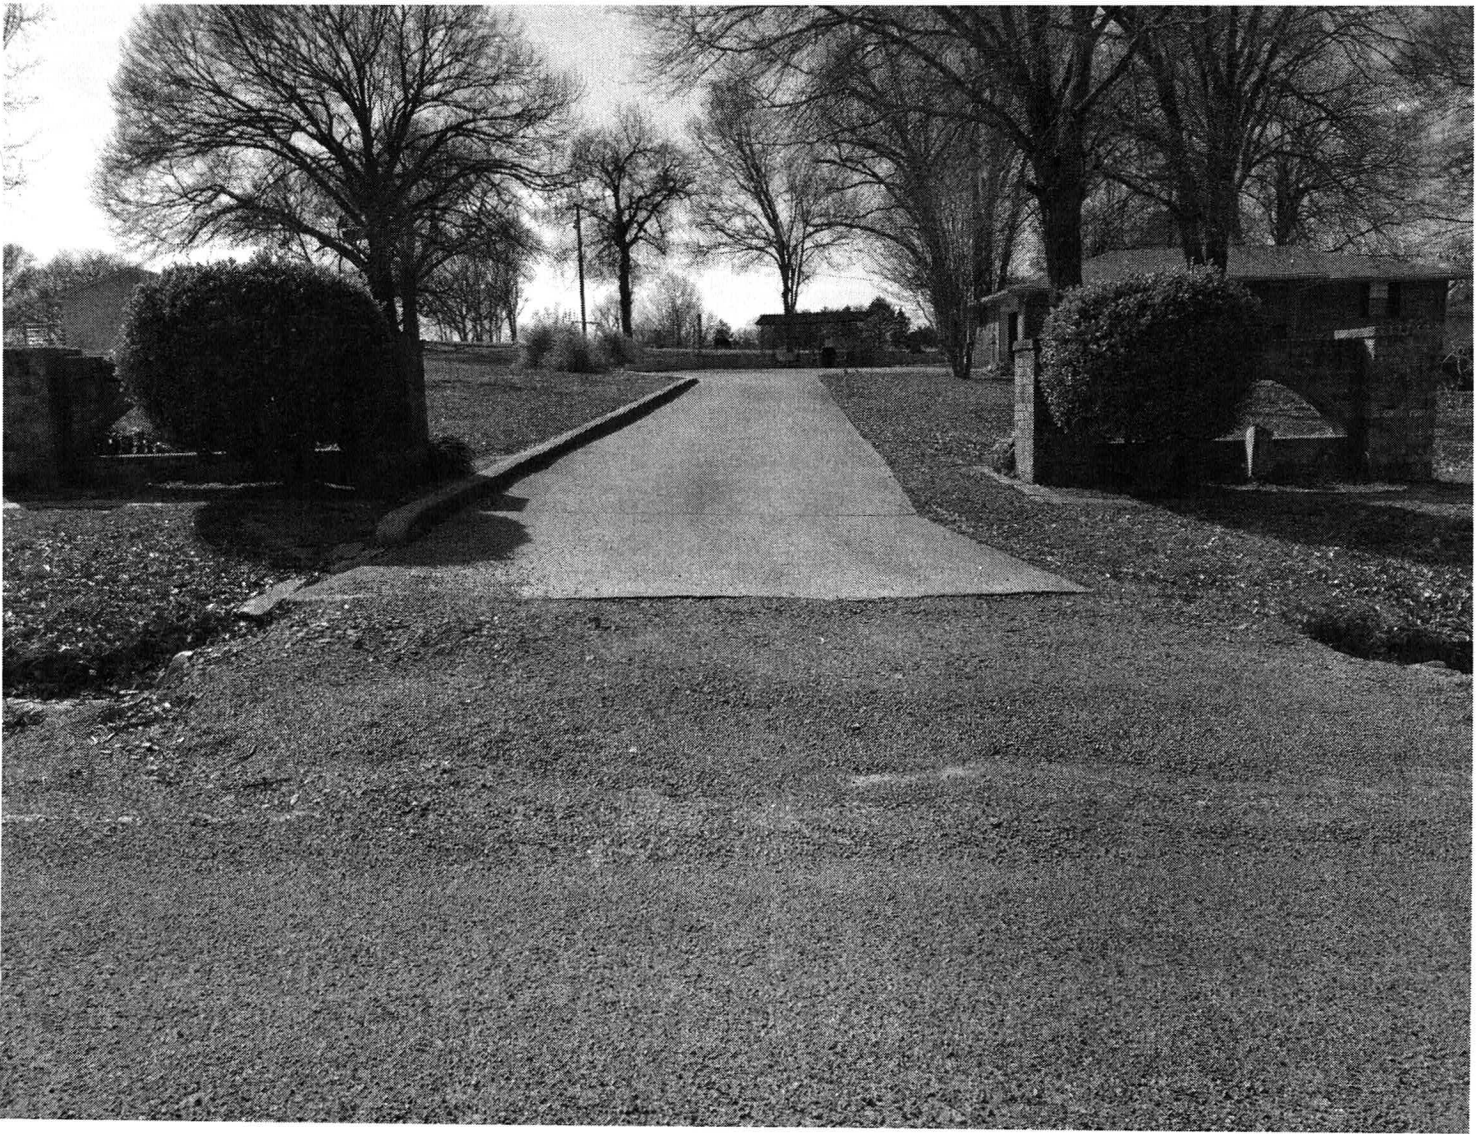

City of Dyer council February 26th 2019 (1)

- IX. City Attorney: Sean Brister
 - HVAC Resolution
- X. Police Report: Troy Leonard
- XI. Fire Report: Jim Dapson
- XII. New Business:
- XIII. Adjournment:

This statement is regarding 607 S. River Road. At the time that I got to Marie Pavy's drive I spoke to her about two options on how to do her driveway. I explained to her that we could come back and saw cut it and remove the asphalt that was need to widen the road but she would then have an 6 to 8 inch lip that she would have to drive over or remove the asphalt back to the concrete part of the drive and grade it to one slope and fill it back with gravel. At the time that this was discussed with her the asphalt was weathered cracked and not in good repair. Ms. Pavy elected to go with the 2nd option. I was also keeping in mind that although this was our right of way, we also had a water line that ran through this area and felt this would be a more reasonable fix for future water events for the city of Dyer.

On 3/18/19 Veronica asked me to go take pictures for the council and when I did Ms. Pavy was out in her yard raking leaves so I approached her to let her know what I was doing and that I explained it to the mayor what we had agreed on and Ms. Pavy just stated "well I didn't know what I wanted" I took the attached pictures and left.

Lonnie Rober
